

**Universal Concrete Products would like to wish everyone a Happy & Healthy New Year!**

Universal is excited for 2015; we have been so busy working with *Developers, Architects and General Contractors* on some exquisite new architectural precast concrete projects. It has been such a breath of fresh air to see the key decision makers design with precast concrete from the beginning stages of a project. These projects have saved on time and budget which contributes significantly to the overall success of a project.
